History

Eden Meat Market, established in 1890, still processes at the same main street location. The Eden Cafe as well as the Eden Meat Market work hand in hand with Eden Catering. As three separate businesses working as one, our goal is to serve our customers and community the same efficient and friendly way that has been done for many years. Eden Catering was created with the idea of "good food at a fair price" in mind. We still use the same idea today by striving to be as economical to our customers as possible, but still expanding our menu options to over 100 to accommodate everyone's different tastes!

Sparnfarkel (Pig Roast)

Eden's Sparnfarkel or pig roast is slow roasted in a covered grill for 6-9 hours depending on hog size and weather conditions. This ensures that you enjoy tender and moist pulled pork. One of our grill masters will bring out the grilled hog about an hour before serving time to display the hog and carve on-site for your dinner. We will bring extra seasoning and bbq sauce. You may provide your own side dishes and salads, or let us do all the work for you and make it a "full-service" catering event, select another entrée and all the sides you would like. For best service, call ahead as grill reservations fill up fast!
